

# Ahead together 2021

Supporting family identity after brain injury

## Join us virtually on 9 September 2021

Ahead Together 2021 once again turns the spotlight onto the family experience of brain injury. Family members and brain injury professionals will take to the (virtual) stage to share clinical, legal, research and deeply personal perspectives on our conference theme - family identity after brain injury.

We will be joined by our **keynote speaker - Lemn Sissay, poet, playwright, artist performer and broadcaster, as well as Chancellor of the University of Manchester** - who will be sharing his unique and moving perspectives on the subject of family identity.

"It definitely was powerful and inspiring and thought provoking."

"Great mix of client and family focus. Bringing cases to the focus."

"...so many thoughtful and innovative touches, I am impressed, changed and grateful!"

"The standout brain injury conference"

Comments from  
Ahead Together 2019
